PROFILE

Fashion designer with a technical foundation in garment construction and textiles, and export-house experience taking product from sketch through to approved bulk. Works across print and surface design, tech packs, fabric sourcing and quality compliance for international retail.

EXPERIENCE

Assistant Professor, Fashion Technology

Rayat Bahra University, Mohali · Dec 2025 – Present

- Teach garment construction, pattern making, textile processing and fashion CAD across studio, lab and lecture formats.
- Supervise student collection projects from concept board to finished garment.

Fabric Merchandiser & Development Officer

GS International, Ludhiana · Jun – Nov 2025

- Ran fabric sourcing and development for export orders, from raw-material inspection through to approved bulk.
- Built tech packs and quality specifications to Walmart Mexico compliance standards across a global account portfolio.
- Issued purchase orders and closed costings with tier-1 mills, holding agreed margin targets.

Creative Design Intern

Hersheinbox, Panchkula · 2022

- Designed digital prints, graphics and vector artwork for a D2C fashion label in Illustrator and Photoshop.
- Built seasonal lookbooks translating trend research into brand-aligned ranges.

PROJECTS & AWARDS

- **Tribal Threads** — capsule collection designed and constructed end to end; presented at Shears & Rubans, Panjab University.
- **Trash to Trends** — first place, upcycled garment competition.
- **Uniform Preferences in Professional Courses** — survey-based study; commended for research design.
